## Individual & Community Preparedness Region IV Webinar Series

---

# Spring Into Flood Prep

## Wednesday, March 17, 2021

---

Flooding is the most common natural disaster, yet it is typically not covered by homeowners or renters insurance. Knowing what to do before, during and after a flood can help you bridge the gap!

In this workshop, participants will learn about flood zones and risk, how to prevent flood damage, who can purchase flood insurance, how to navigate the claims process, and more.

**Who should attend:** The whole community – individuals and families, volunteer and community-based organizations, local, state, and federal government, and the private sector.

**When:**

Wednesday, March 17, 2021  
11:00:00 a.m. - Noon (EDT)
