WORKSHOP OVERVIEW

Target Audience

Animal control, fire/USAR teams, law enforcement, shelter professionals, emergency managers, veterinarians, large animal resources, and animal welfare industry professionals.

Attending veterinarians are eligible to receive 6 hours of continuing education (CE) credit for their participation.

Focus

Disaster resource management and problem-solving tactics for handling both anticipated and unforeseen disasters.

Goals

- Gain insights and feedback to improve preparedness and response.
- Equip participants with the tools and connections to operate during disaster situations.
- Enhance individual and agency disaster response strategies.

AGENDA

- Welcome
- Review of Existing Plans
- Disaster Scenario (first 24-72 hours)
- Lunch (will be provided)
- Disaster Scenario (72 hours & beyond)
- Resources and Next Steps
- Hot Wash
- End of Workshop
